FEMA Modelltechnik is based in the charming spa town of Wolfach in the middle of the Black Forest. In this environment where precision engineering has a long tradition, we develop and produce high-quality accessories for ambitious model makers since 1977.

Precise technical solutions and an extensive practical knowledge are the basis for the high practical value of all FEMA products. That explains our good reputation among model makers at home and abroad.

We would like to express our gratitude to our customers for their loyalty over the years and we look forward to a continued cooperation.
